Dear Dr. Rhoads,

In response to your letter of August 6, I would appreciate microfilm copies of the following indexes:

1, 81b, 84, 85, 86, 103-107, 107-1, 206,223, 329, 360, 385, 735, 736, 856, 913. 914, 1066, 1107, 1121, 1179, 1193, 1245, 1283, 1284, 1295, 1306, 1348, 1395, 1896,1408, 1481, 1512, 1513, 1518, and 1546.

I enclose a check to be added to my deposit. If there then will be an insufficient sum, would you please let me know?

May I respectfully call my unanswered correspondence once again to your attention?

I believe I have raised the question before. I would like to know, in each case, the reason for withholding the denied files on David William Ferrie, now that he is dead. There is no possibility of injury to the innocent and the other guidlines would seem to be as inapplicable. When these documents are released, I would like to be notified and have copies.

Sincerely yours,

Harold Weisberg
